## Meet Soffi.

For almost 15 years, by way of our internationally acclaimed decorative glass firm, Soffi Studio (formally Tsunami Glassworks Inc.), we have delivered the world's best interior designers and architects unique, luxurious, contemporary glass sculpture and décor.

Taking our extensive experience in metal and glass design and fabrication, Soffi was born to provide our clientele with spectacular, bespoke lighting.

Located in Windsor, Ontario, where all designs and products are proudly Canadian.

## What's in a Name?

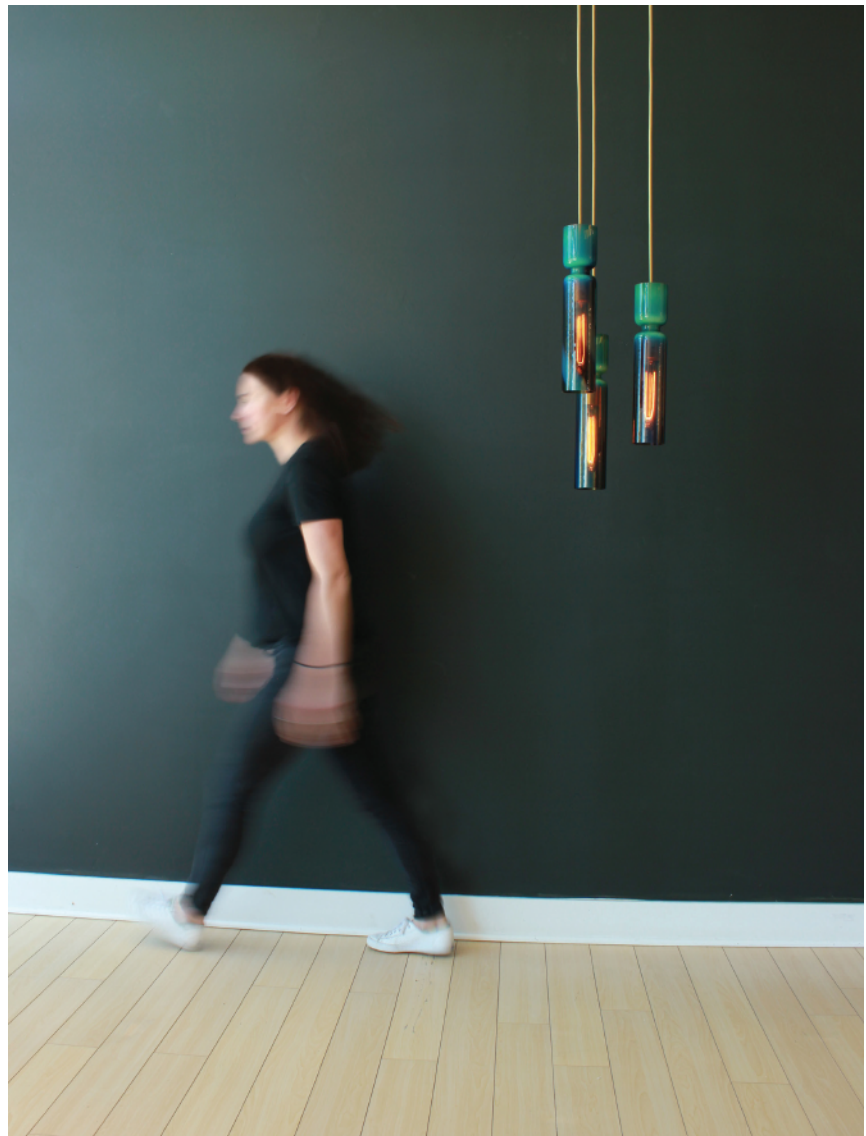

The word Soffi comes from the Italian glassblowing tool, Soffietta, and is derived from the Italian verb soffiare, which means to blow or puff.

The name Soffi embodies the very soul of the glass blowing process—the breath of the craftsman. It is this human touch that goes into everything we produce.

# table of contents

With the idea of scale through multiples, Soffi's pendants are designed to be hung individually or in groupings. Styles can be mixed and matched to create a bespoke fixture, unique to any environment.
